

RAVI MANOJ PANDEY

SAP BO DEVELOPER | DATA ANALYST

Mumbai | ravipandey4039@gmail.com | +91 9028914039

SUMMARY

Results-driven SAP BO Developer & Data Analyst with 2+ years of experience in designing dynamic Webi reports, optimizing universes, and automating BI workflows. Proficient in SQL, Oracle, and data visualization, transforming raw data into actionable insights. Skilled in mentoring trainees, resolving production issues, and streamlining reports to boost efficiency and drive better decisions.

WORK EXPERIENCE

Delta Technology & Management Services Pvt. Ltd | Senior Consultant **Oct 2022 – Present**

- Spearheaded the design and automation of interactive Webi reports, cutting manual reporting time by 30% for Citi’s Custody Project.
- Resolved 50+ critical production issues, ensuring seamless BI operations and minimal system downtime.
- Mentored and trained 2 junior consultants over a 3-month period, boosting team proficiency in SAP BO and overall productivity.
- Utilized ETL processes to efficiently extract, transform, and load data.
- Developed comprehensive BRDs from scratch, ensuring clear communication of project objectives and technical specifications, which enhanced client understanding and streamlined project implementation.

PROJECTS

Custody (SAP Business Objects) – Citi **Oct 2022 - Present**

- Developed and maintained dynamic Webi reports for comprehensive financial analysis, ensuring accurate and timely data delivery.
- Collaborated with cross-functional teams to deploy UAT-tested reports, refining complex report logic and enhancing data accuracy.
- Automated reporting workflows to reduce manual intervention, significantly streamlining processes and boosting operational efficiency.

BRD Development **Jan 2025 - Present**

- Developed detailed BRDs that reduced errors and increased first-time approval rates by 32%, clearly outlining complex logic, data structures, and query formats.

SKILLS

- Data Analysis & Visualization: Power BI, Webi Reports, Excel (Pivot Tables, VLOOKUP)
- Databases & Querying: SQL, MySQL, Oracle, SQL Developer
- BI & Reporting: SAP BO (Webi, IDT, UDT), BI Launchpad
- Data Modeling: Universe Design Tool, Derived Tables, Data Foundation, Joins
- ETL & Data Processing: Experience in data extraction, transformation, and loading (ETL concepts)

EDUCATION

Bachelor of Computer Engineering **Aug 2019 - May 2022**

- Mumbai University
- B.E. Computer Engineering (8.07 CGPI)

ADDITIONAL INFORMATION

- Awarded with Ace Contributor Award for outstanding work and contributions.
