

# RAVI MANOJ PANDEY

## SAP BO DEVELOPER

Mumbai | ravipandey4039@gmail.com | +91 9028914039

---

### SUMMARY

---

Results-driven SAP BO Developer & Data Analyst with 3+ years of experience in designing dynamic Webi reports, optimizing universes, and automating BI workflows. Proficient in SQL, Oracle, and data visualization, ETL, Talend, Unix shellscripting, L2 Production Support, Production report analysis, Udeploy, Bit Bucket, Deployment , Autosys, transforming raw data into actionable insights. Skilled in mentoring trainees, resolving production issues, and streamlining reports to boost efficiency and drive better decisions.

### WORK EXPERIENCE

---

#### Delta Technology & Management Services Pvt. Ltd | Senior Consultant

Oct 2022 – Present

- Spearheaded the design and automation of interactive Webi reports, cutting manual reporting time by 30% for Citi's Custody Project.
- Resolved 50+ critical production issues, ensuring seamless BI operations and minimal system downtime. Mentored and trained 2 junior consultants over a 2-month period, boosting team proficiency in SAP BO and overall productivity. Utilized ETL processes to efficiently extract, transform, and load data.
- Performed deployment activities using UDeploy, with version control operations (pull, push) through Bitbucket and Git Bash, ensuring error-free report migrations
- Developed comprehensive BRDs from scratch, ensuring clear communication of project objectives and Technical specifications, which enhanced client understanding and streamlined project implementation.

### PROJECTS

---

#### Custody (SAP Business Objects) – Citi Bank

Oct 2022 - Present

- Developed and maintained dynamic Webi reports for comprehensive financial analysis, ensuring accurate and timely data delivery.
- Collaborated with cross-functional teams to deploy UAT-tested reports, refining complex report logic and enhancing data accuracy.
- Automated reporting workflows to reduce manual intervention, significantly streamlining processes and boosting operational efficiency.
- Production Support of BO Reports , resolving data discrepancy and ensuring timely report generation.

#### Deployment & Version Control Expertise - Citi Bank

Mar 2024 - Present

- Demonstrated 1+ year of hands-on experience managing SAP BO report deployments using UDeploy, with Bitbucket and Git Bash for version control (pull, push operations) and Production environments.
- Proficient in managing version control workflows with Bitbucket and Git Bash, executing pull, push, merge operations, and maintaining deployment integrity through best practices. Scheduled and monitored automated report executions using Autosys, minimizing manual intervention and ensuring timely data availability.

## Multifond (SAP Business Objects) – Citi Bank

July 2024 - Present

- Led the development and enhancement of Webi reports for the Multifond platform, supporting investment and asset management operations.
- Refined existing reports and created new dashboards, incorporating complex business logic and data validations.
- Collaborated with stakeholders for gathering requirements and troubleshooting, ensuring high report accuracy.

## BRD Development & Business Analysis - Citi Bank

Jan 2025 - Present

- Developed detailed BRDs that reduced errors and increased first-time approval rates by 32%, clearly outlining complex logic, data structures, and query formats.
- Created detailed and structured Business Requirement Documents (BRDs) from scratch, translating complex client requirements into clear technical specifications

## SKILLS

---

- Data Analysis & Visualization: Power BI, Webi Reports, Excel (Pivot Tables, VLOOKUP)
- Databases & Querying: SQL, MySQL, Oracle, SQL Developer
- BI & Reporting: SAP BO (4.2 v, 4.3 v) (Webi, IDT, UDT), BI Launchpad
- Data Modeling: Universe Design Tool, Derived Tables, Data Foundation, Joins
- ETL & Data Processing: Experience in data extraction, transformation, and loading (ETL concepts)
- Unix Shell Scripting
- Deployment & Version Control : UDeploy, BitBucket, GitBash, L2 production support

## EDUCATION

---

### Bachelor of Computer Engineering

Aug 2019 - May 2022

Mumbai University

- B.E. Computer Engineering (8.07 CGPI)

### Diploma : Computer Engineering

Aug 2016 - May 2019

MSBTE

- Computer Engineering (76%)

## ADDITIONAL INFORMATION

---

- Awarded with Ace Contributor Award for outstanding work and contributions.
- 

## Certifications

- SAP BI / SAP Business Objects Web Intelligence
- SAP BO Platform
- SAP BO (UDT : Universe Design Tool)
